

Cenk GUROL
General Manager, Re-engineering Department
AEON GLOBAL SCM, Japan

Since joining Aeon in 1996, Cenk Gurol has held a variety of positions including assistant manager in Daily Foods at the Kawaguchi Store and positions in various areas regarding Perishable Foods Systems Development and B2B Solutions Development.

He joined the current group company in 2006 and is now the General Manager of the Supply Chain Management Re-Engineering Department. In this role he is primarily responsible for supply chain optimization, re-engineering, standardization, and is leading the GFSI initiative within the Aeon Group.

Cenk graduated from the METU in Turkey with a Bachelor of Science in Food Engineering. He also holds a Bachelor of Science in Business Administration with honors in marketing from the Old Dominion University and an MBA from the International University of Japan.

AEON GLOBAL SCM

Aeon Global SCM Co., Ltd. is a functional subsidiary of Aeon, with the mission of total optimization, cost reduction and the achievement of a sustainable and accountable end-to-end supply chain for the Aeon Group.

The Aeon Group is comprised of 169 companies and over 8,000 stores covering a wide variety of store formats such as superstores, supermarkets, drugstores, convenience stores, financial services and specialty stores in over 8 countries. The group Sales Volume is over 60 billion USD, which makes it one of the top retailers in the world.
